

Tough R-I/O™

High Reliability IP11, Compact and Low Cost Remote I/O

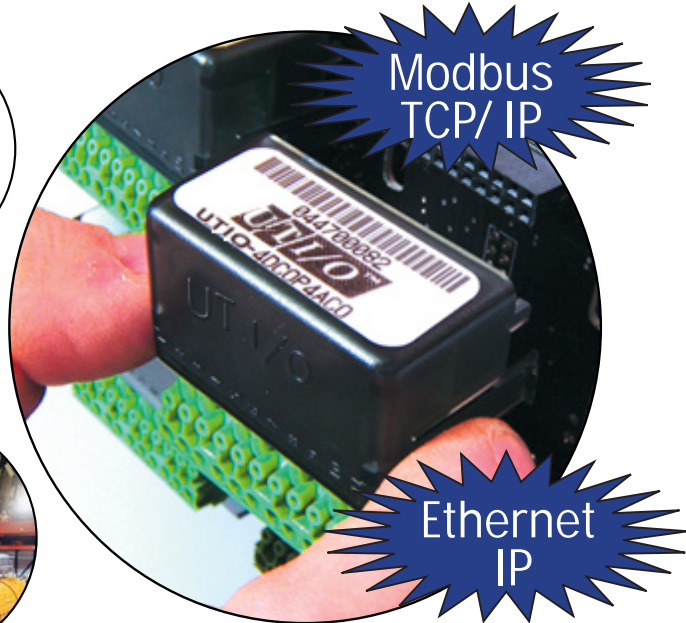

Remote I/O for PLCs
Ethernet IP, Modbus TCP/IP, Modbus RTU, DeviceNet, profibus and UTProtocols

Remote I/O for PC based Controls
Modbus RTU, Modbus TCP/IP & UT Protocols

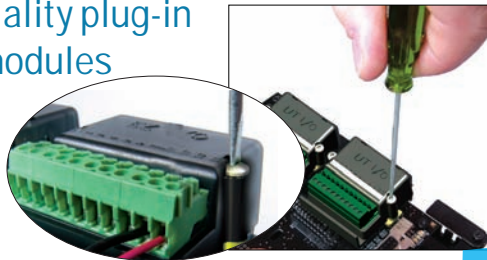

Remote I/O for Distributed Controls & Networks
Modbus TCP/IP, Ethernet IP, EZIP

Modbus TCP/IP

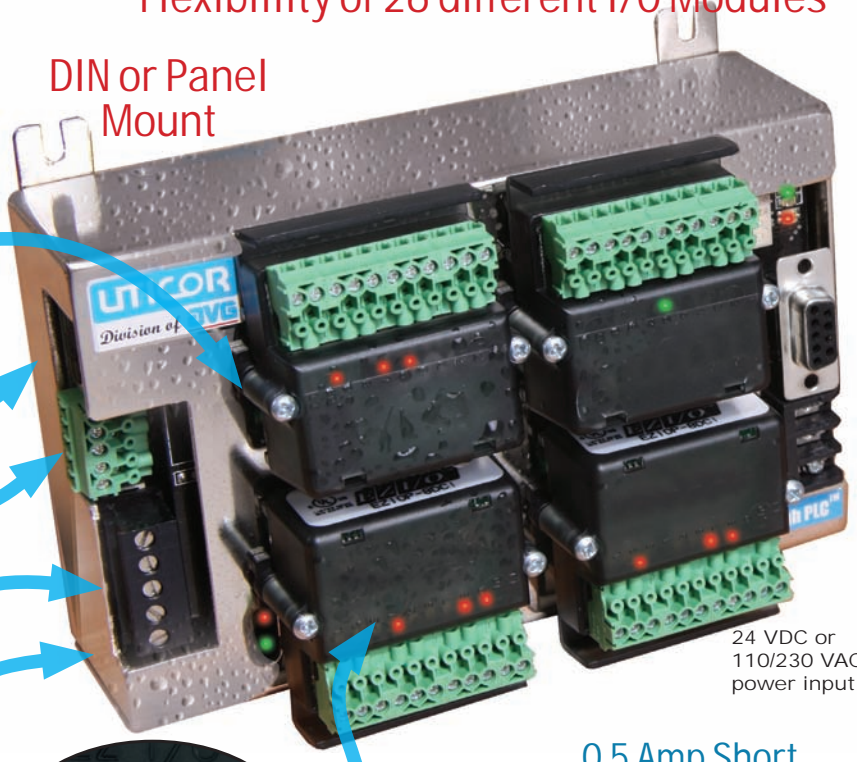

Ethernet IP

Wide Selection of Digital, Analog & Speciality plug-in I/O modules

Completely Modular with Flexibility of 26 different I/O Modules

DIN or Panel Mount

Ethernet Port with Modbus TCP/IP, Ethernet IP or UT I/P

RS422/485 port with Modbus RTU or UT protocol

Profibus Slave or Device Net option card

Heavy Duty Metal Enclosure, Conformal Coated Electronics

NEMA2, IP11

Conformal Coated

Optically Isolated

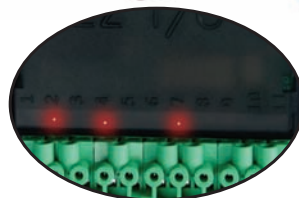

I/O Status LED Indicators

0.5 Amp Short Circuit Proof DC Outputs

60°C, 95% Humidity

4 yr Warranty

24 VDC or 110/230 VAC power input

Tough R-I/O
